LITTLE ROCK (AP) — Atty. Gen. Bruce Bennett said Tuesday that the popular name of a proposed kindergarten amendment would have to spell out in detail what the amendment would do.

He rejected the simple popular name, "The Public School Amendment." It was submitted by the Legislative Committee of the Arkansas Parent-Teacher Association, which plans to collect signatures to get the amendment on the general election ballot.

He later approved the proposal's legal title.

Bennett said the popular name was not "sufficiently comprehensive to advise the voting public as to the effect of the proposed amendment."

Bennett's approval of both the popular name and the ballot title is required before petitions to refer a proposal can be circulated.

## Methodist Editor's Daughter Killed

PERRYVILLE, Ark. (AP) — Peggy Ann Knox, 17, daughter of the Rev. Alfred A. Knox, editor of the Arkansas Methodist Newspaper, was killed Monday when her car struck a bridge here State Police said.

State Trooper Lilburn Burgin said Miss Knox' car struck the Fourche River Bridge just south of the community.

She was a senior at Hall High School in Little Rock.

## Here's Some Remarks That the Tax Collector Really Gets Tired of Hearing

By HAL BOYLE  
NEW YORK (AP)—Remarks a tax collector gets tired of hearing this time of year:

"What has the government ever done for me?"  
"You'll have to explain it again. I didn't understand a word you said."

"If my cat has kittens, can I list each one of them as a dependent? I am their sole support. Their father ran away."

"Do you think that'll satisfy you—or do you also want the gold fillings out of my teeth?"

"Just put on the handcuffs. I'll go quietly."

"In the old days they used to tax salt. How come you guys overlooked that one?"

"So this is the Internal Revenue Service. Boy, I'm already nervous from the service."

"Why should I have to stand in line? I came here to pay taxes, not to watch a hit movie."

"Why don't you fellows just take what you want from my paycheck, and let me spend the rest in peace?"

"If you give a depreciation allowance for an oil well, why not give one for a wife? My wife spouts even more than an oil well."

"What do you guys know about business expenses? I'd like to see you have to meet a payroll—just once."

"Can't we finish this argument over lunch? I'll pick up the check—if it's deductible."

"So throw me in jail. You still can't get blood out of turnip."

"The poor pay taxes, and the rich hire attorneys."

"I came here in place of my husband. He says he's too sick and tired to fight the government. Well, I'm not!"

"Tell Uncle Sam for me it's time he went on a diet."

"Please inform your Mr. Lyndon B. Johnson that I do no longer feel I can support his government in the style to

which it wants to become accustomed."

"Let's make a deal. You say I owe you \$988; I say you owe me \$576. Let's split the difference. You pay me \$150 — and we'll forget the whole matter, and start all over next year."

## Joel McCrea Sues for a Divorce

VETURA, Calif. (AP) — A 32-year marriage, regarded as one of the happiest in the Hollywood film community, has come to an end, says actor Joe McCrea.

McCrea, 60, filed suit in Ventura Superior Court Tuesday for divorce from his wife, former actress Frances Dee, 59. He charged cruelty.

In his suit, McCrea asked custody of his son, Peter, 11. The couple has two other sons, Joel D. (Jodie) McCrea, 31, an actor, and David T. McCrea, 30, a Montana rancher.

The McCreas were married in Rye, N.Y., on Oct. 20, 1933, and separated Monday, the suit stated.

McCrea completed a television series in 1960. He made his last two films in 1959.

## Greene Schools Get \$24,253

STANFORD, Ark. (AP)—The Stanford schools (Greene County) will receive \$24,253 in Elementary and Secondary Education Act funds, Supt. Dan Rusak said Tuesday.

He said the money will be used for health and personal services, a summertime remedial reading program and to remodel the school's old gymnasium into a "knowledge resource center." The district is building a new gymnasium.

**Nashville Shower**  
On Friday afternoon, March 25, from two until four, Mary Frances Harrison, bride-elect of Richard Guy Arnold was honored with a gift tea in the home of Mrs. David Young in Nashville. Mrs. Young was assisted by Mrs. Larry Williams, Mrs. Bobby Smith and Mrs. Elita Jackson. The guest were met at the door by Mrs. Young.

seau frock of yellow silk and was presented a clever corsage made of dollar bills and coins intermingled with tulle.

The tea table was covered with white lace, a beautiful arrangement of yellow roses was flanked by yellow candles in crystal holders. Punch, individual embossed cakes, nuts and mints were served by Mrs. Smith.

A point of interest was a miniature bride and groom placed under a small white umbrella crisscrossed with white net ruffles and green satin bows. Tiny packages wrapped in green were tied underneath with white ribbons.

About 40 guests called and the bride elect received many lovely gifts. Mrs. Johnnie Griffin Harrison mother of the bride-elect, of Prescott was an out of town guest.

### Miscellaneous Shower For Bride-Elect

Miss Mary Frances Harrison, of Nashville bride-elect of Richard Guy Arnold, was complimented Friday, April 8 with a miscellaneous wedding shower at the home of Mrs. Henry Burke. Co-hostesses were Mesdames Monroe Samuel, Trula Coffee, Jewel Burke, and C. R. Samuel. Early spring flowers graced the home in attractive arrangements.

Wearing a pastel green silk tulle frock, the honoree pinned white carnations at her shoulder. White narcissus corsages were presented to Mrs. Johnnie Griffin Harrison of Prescott, mother of the bride-elect, and Mrs. Richard Byron Arnold, mother of future bridegroom.

Mrs. Henry Burke invited the 50 guests into the dining room where the table was covered with a cutwork cloth & centered with a crystal bowl filled with white narcissus and bridal wreath. Mrs. William Mosley, aunt of the groom-elect, and Mrs. John Henry Harrison, sister-in-law of the bride-elect, served the lime punch and the green and white cake squares.

**Birthday Dinner**  
Sisters and brothers had a nice get together dinner at the home of Mrs. Grisham on Easter Sunday, honoring birthdays of Mrs. Grisham, her brother, Walter Dougan, and her grandson, Guy Cox, of Shreveport.

Those present were Mr. and Mrs. Walter Dougan and sons, Dale and Jack; their daughter Helen and two children of Ozan; Mr. and Mrs. Vick Dougan of Rodessa, La.; Mr. and Mrs. Billie Don Dougan and two children of Washington; Mr. and Mrs. Dean England and three daughters of Baton Rouge, La.; Mrs. Vern Boyd Sr. and Mr. and Mrs. Vern Boyd Jr., David and Jeff of Emmet.

Mr. and Mrs. J. W. Robertson and Judy of Hope; Mr. and Mrs. Jimmie W. Cox and three sons of Shreveport, La.; Mr. and Mrs. J. K. Prescott and a granddaughter, Lesa Cross of Rosston and Mr. and Mrs. Frank Prescott of Taylor visited in the afternoon.

## HELEN HELP US!

by Helen Bottel

**Signs of The Times**  
Dear Helen: Quite some time ago you printed a letter about a little girl who couldn't say, "Divorced" when the teacher asked about her parents. I wonder if deep but and longing to be in a normal family is worse — or better — than the unfeeling way some children react to divorce.

Our daughter brought a friend home. I overheard them talking about parents and the girl said, quite condescendingly, "I am on my SECOND mother already," as if Mary, with only one, was not "with it."

You hear about "Number 3 Father," and "My real old man and I can get anything I want from Mom if I just mention I think I'll go live with Dad."

Suffering is terrible, especially when a child suffers over something she didn't cause, but isn't the callous attitude towards divorce and "musical parents" even worse? Won't these kids grow up thinking a human family has as much solidarity as a family of cats and kittens? — Worried

Dear Worried: I think a lot of this "callousness" in children of divorce is protective coloring. They're like the boy with a limp who calls himself "Gimp" to keep others from pitying him. And who's to say it's wrong? He's making the best of a situation he can't change.

However, a growing number of youngsters don't know what family stability is all about — and these will be the divorced persons of the future. They've been taught through example that it's easier to run than stay and work things out. — H.

### More On Telephone Sales

Dear Helen: About that dilemma of unwanted telephone sales pitches: Let me add a quick, amusing way I solved this problem. Whenever one of these calls comes to me, I very quietly lay the phone on the desk, go into another room and double up with laughter for several minutes. Usually by the time I return the sales person has hung up. It is useless and frustrating to attempt to reason

with these unwanted callers so one might as well have a huge joke at their expense. Try it: word spreads and now to my almost dismay, I don't get any more such calls! — Ardent Reader

Dear Helen: As a group of people who DO telephone sales work we feel that a few words in our defense might make you feel differently toward this profession, and it IS a profession that requires a lot of skill, and patience. Believe me, it takes patience to dial at least 500 numbers in eight hours and to be courteous to people who are completely negative — to the extent of needing psychiatric care.

Really, answering the telephone is such a little thing. If people lack the strength or interest to lift a phone off the receiver, and get upset by it, then they should run not walk to the nearest doctor or psychiatrist. Sometimes we phon salespeople offer opportunities you'd miss if you didn't listen to us. — Telephone Sales Girls.

Dear Girls: ... Like a half-hour longer nap or another five minutes in the tub — if the darn phone hadn't rung? — H.

**Actor to Tour Iron Curtain**  
HOLLYWOOD (AP) — Actor Kirk Douglas and his wife plan a person-to-person tour of five Iron Curtain nations at their own expense, a spokesman for the actor says.

The couple plans to visit the capitals of Poland, Czechoslovakia, Romania, Bulgaria and Hungary between April 17 and May 4.

Douglas will address student groups, visit hospitals and orphanages and take part in discussions on radio and television while in the Communist countries.

The actor has made previous trips for the U.S. State Department to Europe, South America and the Near and Far East.

## Convertible Coiffure

Most women lead multiple lives. Hairstylist John Christie Jr. likes to style hair for a simple, shorter, daytime hairdo which changes to more elegant, formal wear. To wear with large fake earrings, hair is combed to feminine sideburn. Curly crown head, with back smoothed into a softened dove's tail.

## Bob Thomas at the Movies

By BOB THOMAS

**AP Movie-Television Writer**  
HOLLYWOOD (AP) — Lillian Gish neither looks nor acts like a museum piece. Her history would indicate that she should be put on display at some repository of movie history. After all, she appeared in her first film in 1912 and starred in D. W. Griffith classics: "Birth of a Nation," "Intolerance," "Broken Blossoms," etc.

Yet the soulful Gish eyes remain as alert as a teen-ager's, and she has an outlook to match.

"I don't believe I had more than two weeks off in the past year," she remarked. "I did a season of Shakespeare up in Stratford, Conn. Then I came right out here for 'Follow Me, Boys' at the Disney Studios."

"After that, I went back to New York to begin rehearsals for 'Anya,' which George Abbott directed. It was a beautiful play which lasted only a month in New York because of three bad reviews. I think it will have the same fate as 'Porgy and Bess,' which did poor business because of reviews when it opened, then was revived to become an American classic."

Miss Gish flew here from an Italian vacation to appear in "The Warning Shot" with David Janssen. During her stay here

she will visit with old friends and co-workers. If there is any time left over, she may do some work on the memoir she is writing about her great mentor, Griffith.

"But that is terribly hard work for me," she admitted, "and I usually have to hole up in a room in Switzerland to get anything written."

Her schedule may seem remarkable for a 60-year-old, but it doesn't seem so to Miss Gish. Fortunately for her, she is not required to maintain an income. During her heyday on the screen, from age 12 to 30, she managed herself well. She never succumbed to the grand living that consumed the assets of many stars.

"I never even bought a home in California," she explained. "New York was always my home and still is. The money I made went into the bank, not into acquisitions."

## 10 Years to Modernize

**TOKYO (AP) —** Communist China's National Policy Conference has decided it will take more than 10 years to modernize the nation's industry, agriculture, science and defense, Peking radio said today.

The conference, which heard a report from Premier Chou En-lai, was held at an unspecified time and place and brought together many government and party leaders.

## THE DOCTOR SAYS Where Does Measles Go Between Epidemics?

BY WAYNE G. BRANDSTADT, M.D. Newspaper Enterprise Assn.

In the early years of this century a cook named Mary Mallon, following an attack of typhoid, became an immune carrier of the disease. She changed her location every year or two but everywhere she went the people she came in contact with got typhoid.

When, after some patient sleuthing, the health authorities proved that she was the cause of so many cases she was confined in a hospital voluntarily for a while. On her release she was warned never to work again as a food handler. She changed her name and from then on led the authorities a merry chase, even working at one time in the kitchen of a large hospital.

That is the story of Typhoid Mary who brought the problem of the carrier so forcibly to the attention of those interested in preventing the spread of communicable diseases.

Some carriers, like Mary, have a full-blown attack while others have such a mild case that it passes unnoticed and therefore undiagnosed. In either event the germ and the human host establish a state of peaceful coexistence. This is the answer to the question: Where does measles or any other infectious disease go between epidemics?

Disease carriers have been classified as shedding and silent types. Typhoid Mary belonged to the first group. Wherever she went she shed a shower of typhoid organisms. Other diseases spread by shedding carriers include staphylococci and streptococci infections, especially those of the nose and throat, some

During 1965 there were 15,980,776 vehicles which used the Ohio Turnpike. Comparisons above give a clear view of the division of cars and trucks, relative costs and length of trips. Fatal accident rate during the year was even further reduced, from 3.0 in 1964 to 2.6 deaths per each one hundred million miles. The 1964 national rural highway rate was 7.6.

Oswald starts out today's discussion by asking Jim: "What would you say is the most important thing to bear in mind when you use suit preference signals?"

Jim: "That the signal is a sort of junior partner of your regular signals. Almost all of the time the lead of a deuce merely means that you are leading fourth best, not making some mystic call for partner to play clubs later on, or when you drop a ten spot it does not mean that you are showing strength in spades but merely that you have strength in the suit of the ten spot."

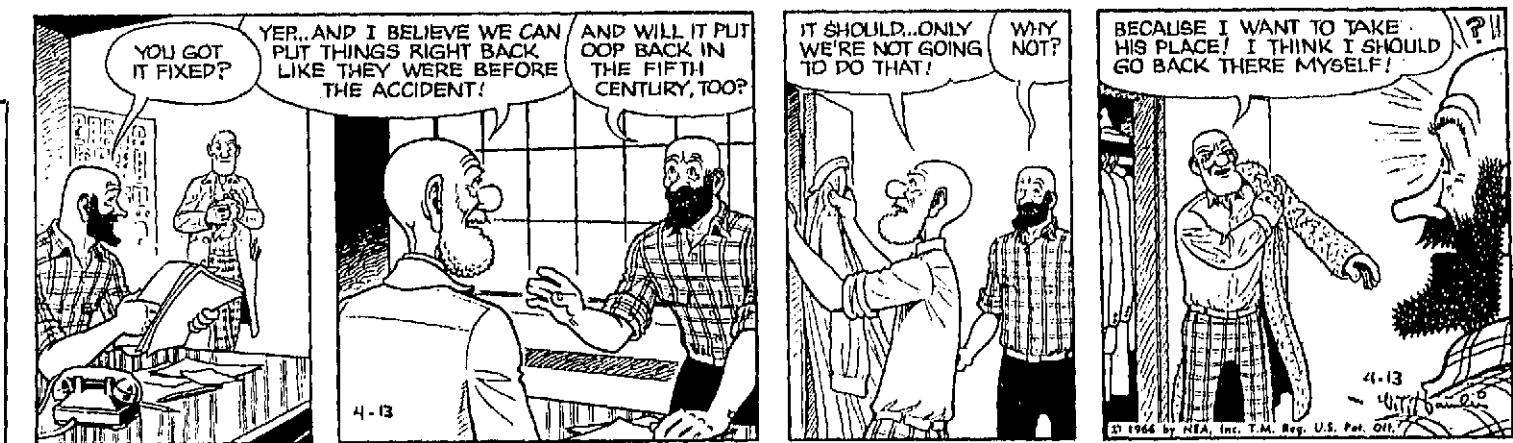

Oswald: "Could you put it this way? A play will only constitute a suit preference signal when there is no other reason for it."

Jim: "You've hit the nail right on the head. This also means that frequently you will be able to read a high card as a suit preference signal when a low card play would be dismissed as just following suit."

Oswald: "Today's hand falls into this category. East opens the bidding with a nonvulnerable preempt. South jumps to the spade game and West raises to five clubs. Five clubs would be down one trick but North pushes on to five spades. West would have gone further with his sacrificing except that he sees a good chance to beat five spades. He passes and opens the nine of diamonds.

"His plan is to get in with the ace of spades and then try to put his partner on lead for a diamond ruff. East doesn't know exactly what is going on but East does know that his one entry is in hearts—not clubs. He plays his ten of diamonds! West recognizes this play as most unusual. It must be a suit preference so when West gets in with the ace of spades he leads a heart, not a club, to put his partner on lead."

## State Production of Wheat Down

WASHINGTON (AP)—Arkansas' 1966 production of winter wheat was forecast by the Agriculture Department Monday to be 1,022,000 bushels, compared to the 9,256,000 bushels produced in 1965.

●The department said the 1960-64 average production for the state was 6,345,000 bushels.

### Multiple Sclerosis

Multiple sclerosis, a disease of the brain and spinal cord eventually resulting in permanent paralysis, occurs mainly in the northern hemisphere and the highest incidence is in persons in the third decade of life.

Cities spend 25 to 50 per cent of their street maintenance budgets to remove snow and ice from their streets.

**Harrell H. "Bud" Collier**

A native of Hope, Bud has been in the Furniture and Appliance business since 1953. He is a member of the Hope Lions Club, Chamber of Commerce and a past member of the Board of Directors, the Hope Retail Promotion Assn. and he and Mrs. Collier are members of the Walnut Street Church of Christ.

Photo shows Mr. and Mrs. Collier, tenants, Mr. and Mrs. George W. Robinson, landlord, admiring the results of their cooperative efforts.

Our congratulations and best wishes for continued success to Collier Furniture & Appliance Company and to Foster Realty Company for bringing the Colliers and the Robisons together and working out the lease arrangements on their new location. Mr. and Mrs. Collier and Mr. and Mrs. Robison are to be congratulated on their faith and confidence in the growth of Hope and Hempstead County. When prospective tenant and landlord sit down and work out their plans together in this manner, the whole community benefits.

### Funeral Offer Is Accepted

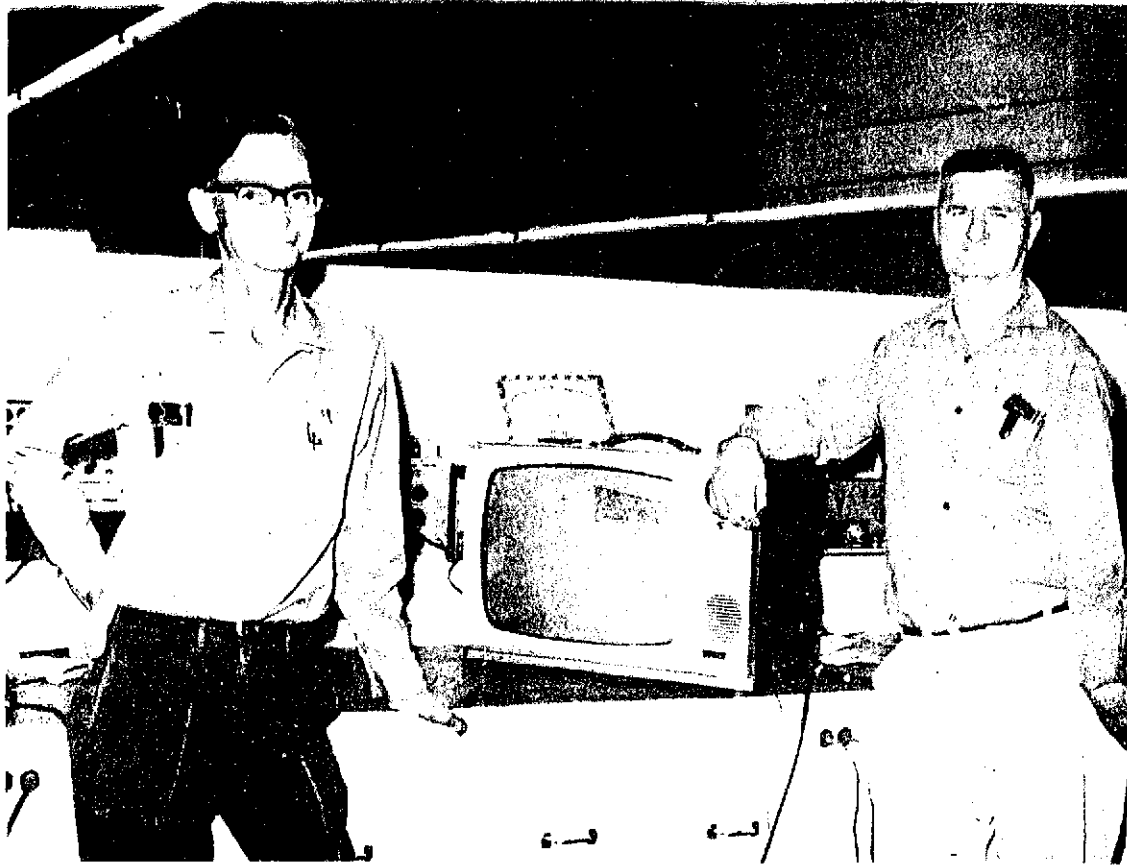

BERN, Switzerland (AP) — The Indonesian Embassy said Sunday, that the family of the late Sutan Sjahir, exiled former premier of Indonesia, had accepted President Sukarno's offer of a state funeral.

Sjahir, a leader of the Indonesian revolution against Dutch colonial rule, died in a Zurich hospital Saturday after suffering a stroke. A former right-hand man of Sukarno, Sjahir quarreled with the Indonesian leader and was banished to Switzerland last year. The spokesman said Sjahir's body will be flown to Jakarta April 17.

### Arkansan Dies in Viet Nam

WASHINGTON (AP) — The death Saturday of Pfc. Le Roy Kolb Jr., 21, of Fort Smith in a helicopter crash in Viet Nam was reported Monday by the Defense Department.

Kolb's parents said Monday night their son went to Viet Nam last December and was attached to the Air Cavalry of the 1st Army Division.

He worked in the mailing room of the Southwest American daily newspaper at Fort Smith before entering service.

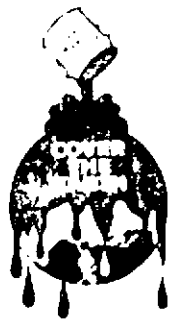

### Greets Singapore Recognition

SINGAPORE (AP) — Prime Minister Lee Kuan Yew said today he welcomes Indonesia's announced intention to recognize Singapore but stressed that his government will consult Malaysia "on all matters where its defense is concerned."

"It is the policy of the Singapore government to maintain friendly relations with all its neighbors," Lee told newsmen at Singapore airport before leaving for a two-month trip abroad.

## Full House Old Employee Our Error

Today's edition is another "first" for The Star — the first time our new 20-page rotary offset press has been used to full capacity.

This is a 16-page newspaper with 4 pages in color, all produced in a single press run. The Flairchild News King Model 475 has five units of 4 pages each. All five were used today — four to print the 16 pages in black, and the fifth to add color to 4 of the pages.

Whenever an advertiser — today it is Collier Furniture & Appliance — orders the press set up for color — we try to give a news picture a free ride in the color thus made available, called a "duotone." It is red overprinted on black to give a rotogravure effect, and the first one attracted wide attention. Our new press having been built specifically to print color in exact register. We try to throw in a news picture in color, as I said — but today there was no room for it on the 4 particular pages where color was available.

The edition was simply too big — the maximum for which the new press was designed. At 18,000 papers per hour it will turn out today's 16 pages in a single section in 16 minutes. Back in letterpress days the old flatbed press would have had to take two runs of 8 pages each, requiring three hours, plus the time of hand-stuffing the sections — and of course no color.

An old employee was in to visit yesterday and remarked on the changes wrought in 18 years. He is Clinton Taylor, 12046 E. Redstone, El Monte, Calif., here with his wife Mary and their children Deborah and Stephen.

Mr. Taylor was our stereotyper back in 1940-41, now in the automobile repair business on the West Coast. He recalled that in his Hope days hot metal was cast into printing plates in a tin shack outside the west end of the old Star Building, and on a hot summer day it was something to write home about. Matters improved in 1955 when we built today's air-conditioned quarters. And will be still further improved shortly when the stereotyper room is abolished and converted to a ladies' lounge. Times do change.

Bill Cross shot a picture of the Lions Club's new officers Monday noon but it wasn't Tuesday's Star. Not Bill's fault, but ours. We loaded the Star camera for him, but the 35mm. film jumped the sprocket and overexposed two shots of the officers, ruining both. Then settled down O.K. for the rest of the film.

We're asking Bill to repeat this picture next Monday, and have taken steps to see that this kind of foolishness doesn't happen again. The remedy, waste several frames at the beginning to make sure the film is securely wound against the sprocket. It's the first "bust" of its kind for this writer and he's been master-minding 35mm. cameras since 1939.

Our post-mortem on the damaged film showed a sprocket-hole had torn out. Whether it was a defect in the film or a loader's error is an open question. But I'll have to rule against myself — I've been in the camera business only 30 years, but Eastman's been making film since the Year One.

## New Constitution for Malaysia

KUALA LUMPUR, Malaysia (AP)—The Sultan of Trengganu raised a two-foot-long sword of state to his forehead today in a ceremony enshrining him as Malaysia's new constitutional king.

## Horse Falls Backwards, Youth Hurt

Kevin Ward, 10-year-old son of Mr. and Mrs. Wayne Ward, was injured yesterday at Fair park when a horse which he was riding reared and flipped over backwards on him.

He underwent surgery for internal injuries this morning. The seriousness of the injury could not be immediately determined.

## 'Phone Hike to Cost Public \$11,100 Year

At its regular meeting last night the City Board of Directors passed an ordinance which in effect approved a proposed telephone rate increase by Southwestern Bell in Hope.

The ordinance deals with the Bell franchise which increases the firm's payment to the city by 1 cent per customer per month. However, the Telephone Company raised the rates of telephones by about 25 cents per customer per month.

Thus under the rate increase and franchise the City of Hope will receive an estimated \$1,776 more per year from the telephone company. However, residents of Hope, based on an average increase of 25 cents per customer per month, will pay an additional \$11,100 per year for telephone service.

Bob Manes, hired by the city to plan urban renewal projects, submitted his plan which was approved. He was given the go-ahead on submitting application for federal money to carry out the project.

City Manager Garland Medders was authorized to execute certificates for non-relocation in connection with applications to the federal government for commercial and industrial loans.

Some dozen local residents have two-way radios in their autos and have requested that the city install a second two-way radio system so the group could in time of emergency help police. Purchase of the system for the Police Department was authorized.

## Battered Ship Hit by Giant Wave

NEW YORK (AP)—Battered by a violent Atlantic storm, the Italian liner Michelangelo steamed toward New York today with an American and a German passenger dead and 11 persons injured.

Five men were lost from a British freighter 600 miles off Newfoundland in the same storm.

"We were hit by a wave about 33 feet tall," Capt. Giuseppe Saletti, master of the 4,000-ton queen of Italy's passenger fleet said in a radiotelephone interview Tuesday night. "A fierce wind of about 70 knots was blowing."

He said he was on the bridge when the wave struck about 10:20 a.m. Tuesday. The ship had run into the storm during the night and had been gradually changing course in an attempt to evade its full fury, he reported.

The Italian Line, the Italian government company which owns the vessel, said the dead were J. Steinbach, 58, a Chicago insurance executive, and Werner Berndt of Hamburg, Germany. The company said they died of head injuries.

Berndt's wife was among the injured.

## \$130,000 Sought for Mineral Study

LITTLE ROCK (AP)—Arkansas plans to ask for a \$130,000 federal grant to finance a aeromagnetic minerals survey of parts of the Ozark and Ouachita mountain ranges, Gov. Orval Faubus said Tuesday.

Faubus said a recent aeromagnetic survey in Missouri located sizable deposits of iron, lead and copper in the Missouri Ozarks.

He said leading mining companies believe that similar mineral deposits might run into the Arkansas portion of the Ozarks, and he said several companies have indicated an interest in several areas of the Ouachita Mountains.

He said a major find in mineral deposits could lead to increased exploration by various mining companies, resulting in further economic development of Arkansas.

The state Geological Commission has \$70,000 to match any federal funds that might be approved for the aerial survey.

## Group Charges Liberal Bank Charters Risky

WASHINGTON (AP)—A Senate report charged today that the comptroller of currency's liberal granting of bank charters has "increased the elements of risk" in the banking industry and attracted persons of "highly questionable character."

The report by Sen. John L. McClellan's Investigations subcommittee sharply criticized Currency Comptroller James J. Saxon's policies which have stirred controversy in Congress and the banking industry.

The subcommittee called for stricter bank laws with criminal penalties and said if Saxon's are continued, "more persons of questionable character and responsibility will likely be attracted to the field, and the new laws will be needed to deter them."

McClellan reported to the Senate on the subcommittee's 1965 hearings into the failure of a number of federally insured banks.

## Truckers Vote Against Union

MIAMI, Fla. (AP)—Employees of a trucking company who listened to an unusual union-management debate have voted not to join the Teamsters Union.

More than 500 employees of the Alternan Transport Lines were brought to Miami for the debate Saturday. The union and the company split the costs.

They listened to company president Sidney Alterman tell them why they shouldn't vote. Lawrence Steinberg, an aide to Teamsters Union President James R. Hoffa, outlined union benefits.

Mediators announced Tuesday the final vote was 371-156 against the union.

The employees who voted came from the company's headquarters in Miami and from terminals at Pensacola, Tallahassee, Jacksonville, Orlando and Tampa, Fla., Dallas, Tex., and Omaha, Neb.

## Coal Miners Angry, Still Won't Work

PITTSBURGH (AP)—Some striking coal miners were described by union officials today as angry and belligerent as about 58,000 miners continued a walkout in defiance of union orders.

"They're sort of belligerent. They're disappointed in the fact that they don't have a contract," said Joseph Yablonski, United Mineworkers director at Uniontown, Pa.

Harvey Yonker, UMW director at Johnstown, Pa., said: "We're telling the men that it is our very honest desire and urgent request that they return to work immediately."

Yonker said some locals have given indication of early compliance with the back-to-work directive, "but others are angry and in no mood to work without a contract."

## Changes in Phone Service Numbers

Telephone users in the Hope area will dial "411" for numbers not actually listed in the telephone directory, and "4102" for "Telephone Repair Service," starting early Friday morning.

Southwestern Bell — Arkansas Manager Frank Meeks said, "These changes have become necessary for us to lay the ground work to bring direct distance dialing here."

The manager also pointed out that the "411" and "4102" telephone service code numbers are being nationally standardized now, and these changes "will put Hope in line with most other cities throughout our state and nation."

"We've added a great deal of telephone equipment here in recent weeks and will continue to do so until direct distance dialing is introduced this summer," Meeks said. "Some changes, like the '411' for numbers not listed in the directory and '4102' for 'Telephone Repair Service' are necessary to enable this new equipment to function properly."

## Arnold Files as Candidate for Congress

LITTLE ROCK (AP)—Richard Arnold of Texarkana Tuesday joined Charles Honey and Dean Murphy as Democratic candidates in the regular primary election for 4th District Congressman.

The three and Rep. David Pryor of Camden are also candidates in a special congressional primary which has been delayed by court disputes over the district's boundaries.

Arnold, 29, said he believed that a special primary should be held as soon as practical but that he had detected no widespread discontent in the district because it has been without representation since Feb. 2 when Rep. Owen Harris resigned to become a federal judge.

He said he thought the delay over a special primary was better than holding a special general election without a primary. "A candidate could win with a plurality in that kind of election," Arnold said. "I favor the majority rule. I want a majority candidate to be elected."

## Migrant Worker Grant Approved

WASHINGTON (AP)—The Office of Economic Opportunity has approved a \$68,479 grant to start a day care center for children of migrant farm workers in Northeast Arkansas, Sen. John L. McClellan, D-Ark., said Tuesday.

He said the grant would be used to care for 200 pre-school children whose parents seasonally work on farms near Springdale. The grant was made to the Northeast Arkansas Area Migrant Association in Springdale.

Five professional and 10 non-professional employees will operate the center six days a week, McClellan said.

## Hamilton Deferred Until He's Too Old

WASHINGTON (AP)—Actor George Hamilton, who has been a frequent escort of Lynda Bird Johnson, has held a draft deferment since 1961 on grounds his induction would result in hardship to one or more dependents.

A Selective Service System spokesman said Tuesday that national headquarters learned this from Col. Paul V. Akst, the New York City director, when it asked Hamilton's status after publication of reports he was deferred because he was the sole support of his mother.

Hamilton, now 26, was granted the 3A classification and given a dependency deferment Dec. 13, 1961, by Local Draft Board No. 8 in New York City, which retains jurisdiction over him given though he now lives in California. The classification has been renewed three times, the files show.

The headquarters spokesman said Hamilton's file is confidential under the Selective Service Act except for his classification record and his age.

## A Tornado Touches at Sheridan

By THE ASSOCIATED PRESS  
State Police said a tornado touched down north of Sheridan and the Weather Bureau spotted one in the air southeast of Pine Bluff Tuesday night as virtually every part of the state was under some kind of severe weather watch.

The storm six miles north of Sheridan damaged seven homes and a barn, but caused no major injuries, State Police said. Hail as large as golf balls was reported at Floral, southwest of Batesville, and at Sheridan.

The Weather Bureau said its radar picked up a twister about five miles east of Noble Lake about 10:25 p.m. The bureau issued warnings for posts east, but the tornado apparently didn't touch down in any populated area.

There was an unconfirmed report of a tornado at Swan Lake, which is a few miles east of Noble Lake.

Jerry Coon, a Sheridan fireman, said large hail broke several windows in homes and damaged automobiles.

In the course of the evening, a tornado watch was in effect for north and central Arkansas, and severe thunderstorm watches for southeast and southwest Arkansas. The watch for the southeast section was in effect until 4 a.m., but the all clear was given on schedule.

At about 10 p.m., the Weather Bureau reported moderate to strong thunderstorms in 70 percent of a 50-mile wide area from Sheridan to Memphis.

## Soldiers Drowned at Fort Gordon

FT. GORDON, Ga. (AP)—Pfc. Ronald P. Meeks, 19, of Benoit, Ark., drowned Monday while swimming at a Ft. Gordon recreational area, the Army said Tuesday.

Meeks was on life guard duty at Clark Hill Reservoir and drowned while swimming toward a raft, the Army said. He had been stationed at Ft. Gordon less than two weeks.

## Van Dalsem Says Road to Nat'l Forest

LITTLE ROCK (AP)—Perry County Rep. Paul Van Dalsem said Tuesday in reply to a Republican Party charge that Arkansas 155 will be an access road to a recreational area being developed in the Ouachita National Forest.

The GOP charged in its newspaper, the Arkansas Outlook, that the state's highway tax money was flagrantly abused through construction of a bridge on the highway near some 400 acres of Van Dalsem's property in Perry County.

Van Dalsem said the South Fourche River Watershed Association, of which he is president, is surveying land west of the bridge for a recreational development. He said the development would have five lakes of 30 to 90 acres each.

"Developing recreation is the only way Perry County can grow," Van Dalsem said.

He said the proposed recreational area can be ready for use by the summer of 1967.

Van Dalsem said that Arkansas 155 connects with a county road which leads to the DeBerree community where eight or 10 families live. He said the families were isolated when an old bridge caved in last year.

He said he had no apologies for his efforts to get Arkansas 155 added to the state highway system and \$140,000 allocated for replacement of a bridge across the Fourche La Pave River.

"We've also asked that this road be paved and we'll still try to see that it is."

Republicans said that instead of locating the new bridge where the old one caved in, the new bridge was set for the section of county road that had been added to Arkansas 155, extending along the eastern boundary of Van Dalsem's land.

He said the GOP article didn't bother him, saying it would help him "in Pulaski County because they will know I can do stuff."

Because of reapportionment, Van Dalsem must seek votes in Pulaski as well as Perry County. If he seeks re-election.

The Republican newspaper demanded that Wayne Hampton, chairman of the state Highway Commission explain the project, and others the GOP has pointed to in recent weeks as what it calls evidence of political influence in the road building program.

Hampton has declined comment.

## Carlisle Okays Bonds for Park

CARLISLE, Ark. (AP)—Carlisle voters approved 213-102 Tuesday a \$25,000 bond issue for a city park and playground.

Thursday, April 14, at 1 p.m. Girl Scout leaders will meet at the Little House in Fair Park to complete plans for the pageant, "By Dawn's Early Light," to be held in the Texarkana Four State Fair Rodeo arena Saturday, April 30. There will be a rehearsal following school for all Girl Scout participants including all Brownie Scouts who will not be carrying flags but will sing with the entire group. Mrs. Richard Keyton will help with the songs and everyone is asked to be present from 3:30 to 5 p.m.

According to the U.S. Department of Commerce, Bureau of Census there were 1,410 bales of cotton ginned from the 1965 Hempstead crop as compared to 1,664 the previous year.

Lafayette county ginnings amounted to 14,524 and this compares with 10,312 the previous year. Miller county figures show 7,082 last year and only 5,204 in 1964.

The Willie Harris family arrived in Hope the past weekend from Washington, D. C. and are at their home on South Pine. Mr. Harris served his brother Congressman Owen Harris as clerk's office.

## Alaska Has a Paper Shortage

JUNEAU, Alaska (AP)—The Alaska Legislature is faced with a crisis — a paper shortage.

The dilemma was disclosed in a note to legislators Tuesday from John C. Doyle, executive director of the Legislative Council.

"We have begged, borrowed, scrounged and bought at unduly prices what paper is available locally," he wrote, adding that the supply will barely last out the week.

Doyle said there has been an unusual amount of amending this year, requiring a rerun of the bills.

A total of 864 bills, including a 500-page insurance code bill, have been introduced in the two houses.

## Cong Raid on Air Base Kills 7 Americans

By THOMAS A. REEDY  
SAIGON, South Viet Nam (AP)—The U.S. Air Force reported today that the first B52 raid on North Viet Nam set off huge landslides which sealed the strategic Mu Gia Pass through which the Communists funnel men and supplies to the Viet Cong in South Viet Nam.

The report of the B52 success came on the heels of a Viet Cong mortar attack early today on Saigon's huge military and civilian airport which killed seven U.S. servicemen and a Vietnamese civilian, wounded 108 American military men, one American civilian and 19 Vietnamese, destroyed four planes and set a 400,000-gallon fuel tank ablaze.

The airport attack demonstrated once more the power of the Viet Cong to strike at will in the Saigon area with harassing tactics. But operations at the huge installation were not disrupted.

The fleet of high-level B52s from Guam dropped nearly 1.4 million pounds of explosive Tuesday on the tortuous mountain pass on the Laotian border, 230 miles south of Hanoi, through which men and arms feed into the Ho Chi Minh Trail. It was probably the heaviest bomb load of the war.

## Fists Fly in Anti-V. Nam Disorder

By JACK SCHREIBMAN

BERKELEY, Calif. (AP)—A Viet Nam Day Committee demonstration against U.S. policy in Southeast Asia erupted into a cursing, fist-and-club-swinging melee Tuesday night with police pitted against a tense, angry crowd.

Police Lt. Bruce Baker said some demonstrators were hurt and at least one hospitalized. He said six arrests were made on charges including assault on police, resisting arrest and interfering with police.

A riot threatened when police moved in on a Telegraph Avenue apartment near the University of California campus in downtown Berkeley and attempted to seize loudspeakers they said were used without a permit. VDC headquarters moved there after the old one was mysteriously bombed last week.

A crowd of about 3,000 persons gathered at the building in a rally to support demonstrations in South Viet Nam. Demonstrators hung an effigy of President Johnson.

VDC leaders strung a banner across an apartment building that read: "Withdraw U.S. troops."

Officers tried to enter the building from which an amplifier was used. Demonstrators started throwing punches at police elbowing through. Police used riot sticks. After about five minutes police got into the building and confiscated the equipment.

## Says Omitting Hempstead Was Mistake

HOT SPRINGS, Ark. (AP)—Rep. J. W. Trimble, D-Ark., said here Tuesday that he thought Ozarka planners made a mistake when they left two counties — Little River and Hempstead — out of the redevelopment program.

Trimble, during a press conference, said he thought the Ozarka program would bring industry into Arkansas which is compatible to a particular area. He also repeated his stand for a dam on the Buffalo River, a controversial proposal which has been shelved. Opponents to the dam want to create a national river.

On Viet Nam, Trimble said the United States is obligated to stay until an honorable solution is found. Such a solution, he said, might come about "if a good civilian government takes over and asks us to leave." Then we could leave honorably, he said.

**Patented Philco COOL CHASSIS BEATS THE HEAT**, major cause of TV breakdowns. The tubes and most other parts servicemen take from TV sets aren't worn out, but burned out! Philco keeps TV parts cooler with the patented horizontal Cool Chassis. It's your assurance of increased reliability in a Philco TV.

**PHILCO 4544SWA**  
Slimline console with swivel feature lets you turn the set for viewing from anywhere in the room. Beautifully finished to match Walnut furniture.

**New Deluxe High Performance Sight and Sound System in both sets**  
Brighter pictures, clearer sound, up to 50% greater signal-pulling power and 200% greater amplification of sound than prior models.

- Slimline design — a new achievement in slimmer, trimmer cabinet styling, made possible by Philco's new ultra short-neck 110" picture tube
- Actually slimmer from front to back by up to 25% than sets using regular 92" tubes
- 20,000 volts of picture power
- Front mounted 5-inch oval speaker

**PHILCO 4540WA**  
Smart Contemporary Lowboy features Philco's new Slimline cabinet styling, beautifully finished to match Walnut furniture.

## PHILCO

**20/20 COLOR TV**

**PHILCO COOL CHASSIS INCREASES RELIABILITY**

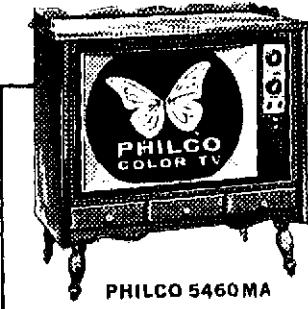

Philco Color TV, with horizontal Cool Chassis, keeps TV parts cooler for longer component life and greater reliability. This, plus Philco's greater use of solid copper engraved circuits, assures matchless uniform quality and reliability.

**PHILCO 5450WA**  
21" overall diagonal, 265 sq. in. viewable area

**398.88**

Brings you brighter, richer color, too!  
Philco High Brightness Color Tube, with clear sealed safety glass, intensifies contrast for life-like realism. Presents brilliant color highlights with sharp, crisply defined images in vivid color as well as in black-and-white TV.
